Giosg Mobile App Guide

Do More ... with Less ...

Content

- **1** Downloading the app
- **2** Logging in and notifications
- **3** Chatting
- 4 Chat history
- **5 Video & voice call**

1 Downloading the app

• Download the giosg app from the App Store on your iOS device, or Google Play Store on your Android device.

2 Logging in and notifications

• Launch the 'giosg' app and log in using your giosg chat credentials.

giosg

- When logging in for the first time, the application will ask you to allow push notifications.
 - Afterwards, the notifications can be muted in the application settings at any time.

2 Installation steps on Android (Skip if you are using an iOS device)

• Select ALLOW to take pictures and record video and audio

giosg

• Enable giosg calling account in your phone by selecting **OPEN SETTINGS**

• Select ALLOW to manage and make phone calls

3 Chatting

- Click "Start" in the menu, when you want be available to chat with your website visitors.
- When you want to go offline in the chat, click
 "Stop" in the menu.

giosg

3 Chatting

• When you have pressed start, you will get notified when a new chat starts

 In the chat conversation you will also see information about the visitor. You can also send pictures or files, and invite a colleague to the chat.

5 Voice & video call

Starting a call

- Start a voice or a video call by clicking the call icons in the top right corner of a chat discussion
- During your call, you can choose to turn on your camera, change its direction or mute your microphone
- You can go back to the text chat by clicking the minimize icon in the top right corner

5 Voice & video call

Receiving a call

To receive calls you need the giosg Interaction Builder tool. Want to know more? <u>Chat with us or call us!</u>

- When you are receiving a call, you will see a notification on your phone
 - The notification is showing until someone in your organisation picks up the call

Visit our web page and we can discuss further:
